🪪 PROFILE

I'm a versatile and skilled professional who can handle a wide range of web development tasks, from designing responsive user interfaces to creating robust back-end systems. I am capable of working independently or as part of a team, and I always looking for new challenges and opportunities to expand my skills.

🧠 SKILLS

JavaScript	**React**	**Next.js**	**HTML & CSS** scss/sass
Node.js	**MongoDb**	**Express.js**	**Git & GitHub**
Java	**TypeScript**		

📁 PROJECTS

MoviePlix, *Latest Movies & TV-Shows website* 🔗   Nov 2022 – Feb 2023

A movie website built with **React** and **Redux** is a dynamic and interactive platform that allows users to browse, search, and discover movies with a scalable state management system. The website's design is with a **responsive layout** that adapts to different screen sizes. **React Router** manages the website's navigation, allowing users to switch between different pages without a page refresh.

PortFolio Website 🔗   Sep 2022 – Dec 2022

Portfolio website built with **React** is a comprehensive and engaging platform that showcases a developer's skills and projects in a professional and visually appealing way. It is an effective tool for attracting potential clients, collaborators, and employers.

🎓 EDUCATION

Bachelors Of Engineering,   Jul 2018 – Aug 2022

Modern Education Society's college of engineering pune - Pune University

I have completed my education scoring a **CGPA** of **7.93** out of a possible 10.
